the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million, and the number of people aged 75 and over has increased by 1 million (Office for National Statistics 1999).

There is a growing awareness of the need to develop services to meet the needs of older people, and the need to ensure that the services that are developed are based on evidence of what works. The Department of Health (1999) has published a strategy for the care of older people, which sets out the government's commitment to improve the care of older people, and to ensure that the services that are developed are based on evidence of what works.

The Department of Health (1999) has also published a strategy for the care of older people, which sets out the government's commitment to improve the care of older people, and to ensure that the services that are developed are based on evidence of what works. The strategy is based on the following principles:

- Older people should be treated as individuals, and their needs should be met in a way that respects their dignity and autonomy.
- Older people should be given the opportunity to participate in decisions about their care.
- Older people should be given the opportunity to live in their own homes, and to receive care in their own homes.
- Older people should be given the opportunity to live in a community, and to receive care in a community.

Foreword

From now on as people look on our Valparaiso High School they will probably note many worthwhile changes. Our enrollment is going up steadily and it will not be long before some more new additions will be seen. Naturally, improving and expanding are two of the key words of the Viking language. We sincerely hope that you derive as much pleasure from this book as we have received in making it. We want to thank all who made it possible and especially Mr. Stewart, our advisor. Later on, this will prove to be a storehouse of treasured memories of fun-packed hours for we seniors who leave you. We will never forget this and are proud that we could be a part of the system.

Superintendent

G. Warren Phillips, superintendent of our city schools, has been the Viking administrator for the last ten years. Along with the board of education, he is responsible for the school city's finances and policies. His most recent problem is the expanding change in the size of enrollment throughout the city. To meet this increase a future building program is planned. We feel fortunate to have such an efficient person heading our school system.

Mr. Phillips received his A.B. from De Pauw University and his M.S. from Indiana University.

Principal

The Viking leader for the last eight years has been our principal, Mr. King Telle. Mr. Telle is admired by all the students because of his high ideals in running the school and his fairness in dealings with them. He is loved for his never failing humor and continued interest in student activities. In spite of the heavy load of responsibilities on his shoulders, students are always assured that he will be free to help them when they need him.

Mr. Telle received his A.B. from Hanover College and his M.S. from Indiana University.

Board of Education

Serving on the Board of Education for the Valparaiso City Schools are three prominent business men. They are appointed for terms of three years to manage the affairs of the schools. Lynnet Casbon, president, and Orval Burns, treasurer, have served faithfully for several years. This is the first year for Gus Marks, secretary. These men have successfully guided our schools to their standard of education. We appreciate their efficient work.

Secretaries

Josephine Muster, a new-comer to V. H. S., became Mr. Telle's secretary last fall. She has taken over her many tasks in an efficient way and quickly won a place in the hearts of the student body with her cheerful smile and helpfulness.

Grace Rickard, secretary to the superintendent, has celebrated her twenty-fifth year in Valparaiso High School this year. The students appreciate her friendliness to them as she goes about her many responsibilities.

Band

Our V. H. S. band has become widely known as the V. H. S. Marching Band. In past marching contests they have always carried away many honors. Members of the band enter solo and ensemble numbers in the district contest, and a number of them always win "firsts" which enables them to go down state.

Valenian Staff

Taking snapshots, collecting subscriptions, supervising class pictures, doing paste-ups, and finally sending the **Valenian** to press; this is what the **Valenian** staff does each year. When the book is received, though, all this work is remembered somewhat vaguely. In preparation for next year a number of junior assistants were picked. These students also helped to compile the book, and offered valuable assistance. Preparing a story of the V. H. S. activities creates a lot of fun as well as work and everybody was benefited by his experiences.

Varsity Football Team

The accomplishments of Coach Paul Miller's griders of 1953 will stand out as one of the best in V. H. S. history. In winning seven out of nine contests the Vikes gained an average of 244 yards per game, and scored 183 points to 89 for the opponents. The season opener against Crown Point was won 13-6, in a driving rain storm at Boucher field. A win over Griffith preceded Valpo's first loss 7-0, on a long pass by Gary Mann. The peak of the season came as the Millermen trounced our traditional rival, Hobart, 14-13 by way of a last minute touchdown. Although the green and white lost 19 to 12 to LaPorte alias Buck Haag, this was the closest Valpo has come to the Slicers in years. The remaining games furnished easy wins over Lowell, Portage, Merrillville, and Gary Froebel.

Retiring Coach Dille's basketball Vikings, hindered by injuries and playing one of the toughest schedules in the state, were only mediocre in their efforts during the 1953-54 season. Opening their season against high ranking Michigan City they suffered defeat. After edging Portage they again were defeated by East Chicago Washington but came back to win from Chesterton, Hammond Tech, Rensselaer, and Chesterton again in the first round of the holiday tourney. In the finals a veteran Crown Point team won the trophy. Then came injuries and the annual woes of the hard January conference schedule. The Vikings suffered thirteen straight defeats. The Vikings came out of it to beat Portage in the Sectional but ended their season bowing to county power, Hebron.

Varsity Track Team

Following the annual N. I. H. S. C. meet at the University of Chicago V. H. S.'s 1953 track season proceeded with a 60-49 win over Hammond Clark. The Vikes then took a triangular meet over Crown Point and Whiting in their stride, but soon after fell to Gary Wallace 66 to 43. After smearing county rival Chesterton, as well as East Chicago Roosevelt, the green and white went down, under the 1953 I. H. S. A. A. champions, Froebel of Gary, 102 to 82. The respectability of the Viking squad was affirmed by this tough loss to Indiana's best. In the victory over Hobart, Ron Lines set a new V. H. S. record in the pole vault with a 12-foot mark.

After easy wins against Gary Tolleston and Hammond Tech, the Hammond Sectional arrived on May 8. Ron Lines again shattered a mark in this sectional with an 11' 8" vault as Reine Tauck, Deloss Fry, Bill Wiseman, Ken Downing, and Kenny Berrier also placed. However, Bill Wiseman, half miler, was the only Valparaiso runner to go to the state finals in Indianapolis from the regional. The season concluded with Michigan City losing to V. H. S. In this meet Lines vaulted 12' 1" to set another record, and Ray Kuhrts with a 23.7 seconds time in the 220 yard dash also established a new mark.
